## “Can the Science Approve Reincarnation?”

**Zagreb, December 15<sup>th</sup> 2008**

**Cultural Informational Center  
Preradovićeva 5, at 5 p.m.**

*To achieve human potential in a peaceful world we must clarify the role of reincarnation.*

*Did you know that your past lives significantly influence your present life?*

*Find out what kind of methods can be used to discover past lives and how past lives affect your body, mind, emotions, personal style, and your creative potential.*

*How yoga practitioners can have an insight into their past lives?*

*Can science validate a natural process of reincarnation?*

*Theory of psychoplasm (soul genome) and future of the mankind - spiritual and genetic.*

*Reincarnation cases of famous Croats - overview by the expert.*

*How can you find out about your past lives by yourself?*

It is our pleasure to announce the lecture of **Mr Paul Von Ward** in Zagreb. **Von Ward** is an interdisciplinary cosmologist and author of four influential books: *The Soul Genome: Science and Reincarnation*, *Gods, Genes & Consciousness*, *Our Solarian Legacy*, *Dismantling the Pyramid: Government by the People*. In his researches he combines philosophy, physics, natural sciences, psychology and cultural history.
